www.workingbikes.org

Working Bikes is a non-profit organization. We receive donated bicycles and recycle them by repairing and selling them in our store front. The revenue that we generate is used to fulfill our mission of sending bicycles overseas to developing countries in South America, Central America and Africa.

If you are interested in making a donation or volunteering, please contact us or visit our website.

Children's Bicycle Sale

Just in time for the holidays, Working Bikes will be selling bicycles for children 3 to 6 years old for only \$5!

- All of the bicycles are donations that we have received. They are used bicycles, but are in great condition.
- Children must be present at time of purchase, and there is a limit of one bicycle per child.

**Saturday
December 17th
12—5pm**
