

Green Fair
Clarendon Hills Middle School
April 10, 2010
10:00am to 3:00pm

Objective

To educate and inspire District 181 community members to make environmentally-conscious lifestyle changes that can improve our quality of life and to raise funds that will be used to enrich the educational experience of District 181 students.

Attendance

This event will be open to the community, free of charge. The target audience will be District 181 students and families, and others in the communities that District 181 serves: Hinsdale, Clarendon Hills, Oak Brook, Burr Ridge, Willowbrook. It will be promoted throughout the Chicagoland area.

Event Offerings

1. Presentations that demonstrate what District 181 students are learning and doing with regard to green issues
2. Exhibits that offer interactive learning about green issues
3. Exhibits from companies and organizations that will allow attendees to learn about and purchase green products for the home
4. Opportunities to recycle a variety of items

Learning Opportunities

1. How to use less energy
2. Ways to reduce and reuse waste
3. Ways to incorporate alternative sources of energy into daily use
4. How to conserve and protect water supplies
5. How to make eco-friendly choices for products inside your home
6. How to make eco-friendly choices for your yard and garden
7. How to purchase and grow healthy, environmentally friendly foods
8. Ways to make transportation choices that are better for the environment
